

1.Read the extract from Martin Luther King Junior's " I HAVE A DREAM "Speech, and then answer the questions.

"I say to you today, my friends, so even though we face the difficulties of today and tomorrow, I still have a dreamI have a dream that one day this nation will rise up and live out the true meaning of its creed : " We hold these truths to be self-evident, that all men are created equal."

I have a dream that one day on the red hills of Georgia the sons of former slaves and the sons of former slave-owners will be able to sit down together at the table of brotherhood. I have a dream that one day even the state of Mississippi, a state sweltering with the heat of oppression, will be transformed into an oasis of freedom and justice.

I have a dream that my four little children will one day live in a nation where they will not be judged by the colour of their skin but by the content of their character. I have a dream that one day, down in Alabama, with its governor having his lips dripping with the words of interposition and nullification ; one day right there in Alabama, little black boys and black girls will be able to join hands with little white boys and white girls as sisters and brothers."
